

COMPANY OVERVIEW

Biohaus Asia Sdn. Bhd. (formerly known as Bio Life Haus) was established in the year 2013 and has officially launched the region's first scientific eCommunity in January 2016. We aim to engage and bridge people from the science community, backed with more than 10 year's experiences in related industries.

We are Malaysia's online scientific jobs portal that provides one of the greatest platforms for scientific communities to explore their dream career in science. Our Jobs site is a new gateway to the right jobs and the right talents specializing in biotechnology and life sciences sectors. We revolutionize the current employment trends.
